Financial Overview | Annual Subscriptions

## SUBSCRIPTIONS FOR 2023-24

Individual subscription levels vary between years due to shifts in Local Value of Production (LVP) for industries which, in turn, affects the relative proportion of individual member subscriptions calculated in accordance with the three-year rolling average formula set out in the PHA Constitution.

LVP is calculated from figures published by the Australian Bureau of Statistics, the Australian Bureau of Agricultural and Resource Economics and Sciences (ABARES) or, if neither of these two options are available, a source deemed appropriate by PHA's directors.

Proposed subscriptions for 2023–24 are presented at **Table 1**.
